

#### PRODUCT DESCRIPTION

**REXCO 82 SPARE PART & BRAKE CLEANER** is a type of cleaner specifically designed for cleaning brake components and other parts of vehicles or equipment that are exposed to dirt like dust, oil, brake fluid, grease, and other residues without the need for disassembly. It is highly effective in cleaning brake surfaces, including calipers, rotors, and brake drums, as well as other parts such as wheel cylinders and other components exposed to contaminants.

The use of **REXCO 82 SPARE PART & BRAKE CLEANER** is an important part of proper brake maintenance, as dirt and grease can reduce brake system performance, cause uneven friction, and even reduce brake grip.

The use of **REXCO 82 SPARE PART & BRAKE CLEANER** is very easy and practical, in emergency conditions can be directly sprayed to the braking system without disassembly through the gap in the caliper of the braking system.
